THRASHER'S

ISSUED YESTERDAY TO REV. DR. E. P. PARKER OF HARTFORD.

Wants to Meet Minister in Public Discus sion of the Question Whether the Methods of the Law and Order League Agents Are Illegit mate or Dishonorable.

S. P. Thrasher, secretary of the State Law and Order league, yesterday made public the following open letter:

New Haven, Nov. 23, 1895. To the Rev. Edwin P. Parker, D. D.,

Hartford, Conn.: Reverend and Dear Sir-In your remarks at the recent Congregational conference, also in your letter in the Hartford Courant, this morning, you publicly accuse the Law and Order league of using illegitimate and dishonorable methods. This has been the ery from the camp of anarchy during our three years' war against lawlessness, and to receive a shot of the same kind from our own camp has a two-

If the feague, its general manager, or any of its agents, are using illegitimate or dishonorable methods it ought to be fully understood by everybody, I cannot believe that the emissent gentlemen who comprise our board of directors would sanction illegitimate methods for one moment. Yet I have tried to keep them posted in regard to all that has been done. Again and again I have sent papers to them containing adverse criticism and gross misrepresentations concerning our work. None of them have even hinted that our actions were open to censure. If they are, they and I want to know it, and the public ought to know it. Now, therefore, I respectfully request you to meet me in your city, at a time and place to be agreed upon for the purpose of holding a public discussion upon this question. The only condition which I shall require will be that we confine ourselves to facts, not theories or newspaper reports. Believing that your interest in the public welfare will prompt you to comply with this request, I am, yours respectfully, S. P. THRASHER,

Secretary State Law and Order league. DR. PARKER'S REPLY.

Shipment of Gold Had No Effect on the

The engagements of the metal for shipment to-morrow footd up the large sum of \$4,600,000, which brings the total for the week up to \$7,-50,000. Of to-morrow's shipments \$3, 00,000 will be in bar and \$1,500,000 in oin. This reduction is a help to the shipper as he can now tell exactly what is consignment will bring in London With coin it is difficult, as it rarely, if ever, reaches the standard weight. The efflux of the metal as stated excited a good deal of comment, but it did not create the slightest pervousness nor did it have the least effect on holders of

Usually reports of gold export have seen made the basis of savage attacks on the market, but to-day's engagements proved of no advantage to the bears. The movement is being looked upon in banking circles as being perfeetly natural in view of the diminished exports of products and general merchandise and the heavy imports of securities, etc., of late. Speculation in stocks was dull outside of Chicago Gas, Tobacco, Sugar, Western Union, Leathor preferred and St. Paul.

The industrials were weak, especially Chicago Gas, Tobacco and Leather preferred. Sugar held well until the close, when It ran off % to 99%, Chicago Gas dropped 11% to 6214 on the revival of the rumor that the Illinois authorities had decided against the Flower-Olcott reorganization plan. Leather preferred fell to 6614 and Tobacco to 8314.

The railway list held telerably steady throughout, and a few issues were quite firm. The grangers, Manhattan, Lake Shore and Western Union met with better support than of late. The western stocks were strength and by the favorable report of the Northwest for the month of October. The market closed quiet. The active stocks showed net losses of 140% per cent. The industrials declined 1402 per cent.

Bonds were lower. Sales were \$381, 500.
